The Safest Investment

Are those that do not fluctuate during dis-turbed conditions of the money or atock puar-kets. First deed of trust notes (first mort-ages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$1500 upward. Send for booklet "Concerning Loans and Investments."
